SAFETY CONDITIONS

Exhibition of motor vehicles:

Vehicles with combustion engines may only be exhibited in the halls with a largely empty tank (minimum deflection of the fuel gauge in the reserve area). The fuel tank must be locked.

3. RENTAL PRICES / STAND DEMARCATION / DISPOSAL

3.1 Rental prices

3.1.1 All-inclusive Package

The price per square metre is €89,70 as per last update.

3.2 Cancellation fees

3.2.1 Cancellations of stand construction/services which have not been purchased from MYLE shall be made exclusively in accordance with the General Terms and Conditions for Services of the selected service provider.

3.2.2 Cancellations of the space rental shall be made exclusively in accordance with 4 of the General Conditions of Participation of MYLE.

3.3 General rental price regulations

3.3.1 In the case of two-storey event stands, in addition to the rental fee for the floor area is calculated by a further 50% of the built-up floor area.

3.3.2 The minimum size of a stand is 12 sqm. Smaller areas are only rented out if they arise during the layout planning.

3.3.3 The final invoice of the rent is based on the measurement by the event management. Each square meter or part thereof shall be calculated in full; the floor area shall always be calculated as a rectangle without consideration of fixtures or small deviations. MYLE shall not be liable for damages or costs resulting from deviations of the area sizes resulting from measurement errors.

3.3.4 The rent and all other fees are net prices, at which the value added tax in the respective valid legal amount (according to UStG in the respective valid version) is additionally shown and has to be paid.

If a service recipient (issuer) is not domiciled in Germany, the tax liability can be transferred to him under certain conditions (reverse charge). For this purpose, the entrepreneurial status must be declared in the registration form (in the case of recipients of services from the EU, the VAT identification number must also be provided).

3.4 In order to avoid liability, in particular for risks of damage, we strongly recommend taking out exhibition insurance in accordance with the application in the service documents. See also 5.4. of the General Conditions of Participation.

Unless use is made of the option offered of taking out an exhibition insurance policy in accordance with the application "Exhibition insurance" of the service documents, there are indications of liability for risks of damage and the existing Insurance cover from the General Terms and Conditions for Services of MW Freimann Betriebs GmbH according to the service documents.

3.5 Co-exhibitor

The admission of a co-exhibitor and additionally represented companies (see 1.5 and 3 of the General Conditions of Participation) must be applied for in writing to MYLE, stating the complete address including contact person. There is usually no processing fee for additionally represented companies.

3.6 Boundary of the stand area/stand boundary walls

It is expressly pointed out that, depending on the wall system, a supporting wall must be installed every four or five linear meters of partition.

Exhibits can be set up to the aisle boundary. A maximum of 30% of an open side may be "built on" with closed walls, exceptions must be notified to MYLE and approved in writing. It must be ensured that the attractiveness of the opposite and neighboring stands is not impaired. MYLE is entitled to have unauthorized/approved stand construction elements removed or modified at the expense and risk of the exhibitor. The construction of an open side with closed walls shall be notified to MYLE in writing immediately upon receipt of the stand confirmation, but no later than 10 days after receipt of the stand confirmation.

3.7 Floor coverings

The rented area does not have to be equipped with a floor covering. The exhibitor is free to choose a surface, but must select it in consultation with the event management and have it approved by them in order not to endanger the overall appearance of MYLE. Only the exhibitor is responsible for the cost of the floor covering!

3.8 Disposal

The exhibitor is responsible for the cleaning and waste disposal of his event appearance. He is obliged and responsible for the sorting of the resulting waste into recyclable and residual materials. On the evening of each set-up and dismantling day, all waste must be removed from the halls or made available for disposal in the prescribed containers of MW Freimann Betriebs GmbH, which are professionally disposed of by the MYLE service partner.

It is not permitted to store waste in the corridors during the construction and dismantling periods. Waste that is still in the aisles will be disposed of by our contracting company at an increased charge.

We expressly refer here to the waste guidelines of MW Freimann Betriebs GmbH in the service documents. The detailed provisions of the Technical Guidelines are expressly referred to.

4. TERMS OF PAYMENT

4.1 Payments are due within 14 days of receipt of invoice, unless otherwise specified in the invoice. Prior to full payment of the rent (unless the requirements of 5.7.1 of the General Terms and Conditions are met), the exhibitor shall not be issued with access passes, a construction card or permission to set up a stand. MYLE reserves the right, after 14 days, to demand payment by any means, including legal action or to otherwise dispose of the space already contractually guaranteed without notice and to terminate the contract.

4.2 Payments shall be made without deductions to Munich International Motor Show GmbH, D-80796 Munich to one of the bank accounts provided on the invoice. Cheque payments are not permitted.

4.3 Invoices for special services of MYLE and its contractors are due upon receipt of the invoice.

4.4 Complaints about invoices must be made in writing to MYLE within a preclusive period of 14 days after receipt of the invoice.

4.5 In the event of payment after the due date or any other delay in payment, our claims shall be determined in accordance with § 288 BGB (German Civil Code).

4.6 MYLE reserves the right to assert the landlord's lien for all unfulfilled obligations of the exhibitor. Reference is expressly made to 5.7.2 of the General Conditions of Participation.

5. EXHIBITOR AND ASSEMBLY/DISASSEMBLY PASSES

from 170 m2 - 8 exhibitor passes + assembly and dismantling passes

5.2 If additional passes are required by the exhibitor, these shall be subject to a charge. The additional passes can be ordered using the "Exhibitor passes" form in the service documents.

5.3 Insofar as the exhibitor does not use his own staff for stand construction or commissions MYLE contractors, the exhibitor is obliged to apply for construction and dismantling passes for the persons employed for this purpose and to forward these to them himself.

5.4 Before entering the exhibition grounds, all passes must bear the name and signature of the cardholder and the company name or stamp of the exhibitor. The passes are not transferable. In the event of misuse of the ID cards, MYLE shall be entitled to confiscate them without recourse to the courts.

6. SALE / SAMPLE FEE

6.1 When selling exhibits, the Exhibitor is obliged to provide the objects for sale with clearly legible price tags and to comply with the regulations on price labelling. The procurement of and compliance with trade and health permits is the sole responsibility of the exhibitor.

6.2 Violations of 6.1 shall entitle MYLE, notwithstanding the exhibitor's continued liability for the full rent, to immediately close the stand after prior warning and to exclude the exhibitor from participation in the event, if necessary also in future events; the exhibitor shall not be entitled to damages in this respect. MYLE is entitled to carry out all necessary checks, also on persons and their luggage, within the event grounds and at the exits for this purpose.

7. MEDIA LUMP SUM / EVENT PUBLICATIONS

7.1 Media lump sum

7.1.1 No additional fee will be charged as a media lump sum. MYLE reserves the right, at its own discretion, to create and publish catalogues/event brochures/exhibitor directories or similar in an appropriate form. With his participation, the exhibitor agrees to provide the name of his company, his logo as well as contact persons and contact details for such a preparation and to authorize the publication of these. This also includes the publication and announcement of the exhibitor via social media as well as the presentation of the exhibitor on the MYLE website.

7.2 Event publications

7.2.1 If an official catalogue or other publication is published for the event or if an exhibitor database is placed on the Internet, the following provisions shall apply.

7.2.2 MYLE will commission a publishing house with the overall design, production and distribution of the publication and the Internet database, which will be notified to the exhibitors in good time.

More detailed regulations can be found in the letter from the official publisher, which each exhibitor receives after sending the stand confirmation.

7.2.3 Entries shall be made in accordance with the exhibitor's entries in the application documents. The exhibitor is solely responsible for their accuracy. MYLE does not assume any liability for this. The same applies to additional orders placed with the publisher by the exhibitor.

7.2.4 MYLE expressly points out that, with the exception of the publishing house named by MYLE, no third parties, not even other publishing houses, are commissioned or will be commissioned with the creation of event publications and exhibitor directories - in particular those after the exhibition has taken place. Insofar as offers in this regard are made to the exhibitors, these are own initiatives by third parties which have no connection whatsoever with MYLE.

7.3 Co-exhibitor

7.3.1 The exhibitor's media lump sum also covers the entry pursuant to 7.1.2 of the co-exhibitor. Additional information and publications require a chargeable order to the publisher in accordance with 7.2.2.

8. PROMOTION TEAMS - CONVENTIONAL PENALTY

The use of promotion teams outside the allocated stand is subject to a fee and requires the written approval of MYLE. Exhibitors who use promotion teams outside the allocated stand without the written permission of MYLE shall be liable to a contractual penalty of €5,500.00 for each case of non-compliance by MYLE.

Tombolas, sweepstakes or quizzes, both inside and outside the allocated stand, may not be conducted without the express written permission of MYLE and shall be subject to the penalty of contract set forth above in the event of non-compliance.
